The Southern Nationalist League

NEWSLETTER

Message from Our Chief

Dear Valued League Members,

The Southern Nationalist League (**TSNL**) was formed in October 2024 in order to carry forward the work of The League of the South (**LS**). That work can best be summarized by our statement of purpose: **"We seek to advance the cultural, social, economic, and political well-being and independence of the South by all honorable means."**

Celebrating The New TSNL Website

Most of our efforts from our founding last fall until now have centered on our new website, **southernatleague.com**.
I encourage you to join **TSNL** and **Subscribe** to this state-of-the-art site in order to stay abreast of our activities, articles, educational videos, and podcasts.

Getting a New Organization off the Ground

Otherwise, we have been doing all the groundwork necessary to run a Southern nationalist organization on a day-to-day basis, including working on the next issue of our tabloid, **The Free Magnolia - Vol. 19 No. 1**

TSNL Highlights

Though **TSNL** is a new organization, we are of course continuing the three-decades-long task of the LS. Therefore, our legacy is one of longstanding service to our people and our land, built upon a solid foundation of accomplishment, service, and the courage and determination of our leadership and our general membership. The name and reputation of "**The League**" was forged on the city streets and country back roads of the South, culminating in Charlottesville in the summer of 2017. Indeed, while the world watched on that August day, we acted firmly against the enemies of our people, our civilization, and our God. And by His grace, we are still standing and fighting.

Upcoming Events

Subscribe Today and mark your calendars for our upcoming events, including the ***Alabama State Chapter Formation Event*** in April and a ***TSNL Tactical Training Day*** in May

These events are fantastic **TSNL Member** opportunities to connect with colleagues and expand your skills.

Free and Independent South

But to reach our goal of a free and independent South, we need your support. Whether that means becoming an active Member, a Subscriber to our website, or simply a discreet donor, we are depending on you to help us out. We have no big corporate sponsors nor do we take taxpayer money through such boondoggles as USAID. We represent the Southern middle and working-class, and our goal is to help usher in a Southern republic that will truly stand for the interests of Southerners. We even have a draft of a new constitution for such a republic.

Looking Ahead

As we look ahead, let's continue to innovate, collaborate, and support one another as Southerners united. Our journey of over 30 years continues, and TSNL Leadership is excited about the future we are building together.

As we look ahead, let's continue to innovate, collaborate, and support this **Mission**. Our journey is just beginning, and I am excited about the future we are building together.

Wellness Tip

Remember to take breaks throughout the day to stretch and relax. Small moments of self-care can make a big difference in your well-being.

Feedback

Your feedback is invaluable to us as we strive to create the best possible Southern collaboration for all League members. We encourage you to share your thoughts, suggestions, and ideas with us. Whether it's about improving our current initiatives, introducing new programs, or enhancing communication channels, your input plays a crucial role in shaping the League's future.

Please feel free to reach out to us via our **Contact**, or the **Members Only Content Contribution**, or directly to your **State Chapter** leadership.

Closing Note

So there's a lot going on with **TSNL** as we all look forward to another springtime in Dixie. We'll be revealing some events across the South as we move further into 2025, so keep your eyes on this website for announcements and updates.

May the God of our fathers honor and bless our noble cause of Southern liberty.

Deo Vindice!
